# INTRODUCING INTECH IBM's - JAIN LAW SCHOOL

The practice of law has become increasingly complex, requiring lawyers, solicitors and Barristers to also play the role of advisors, mediators and problem-solvers along with their mundane litigations at Law Courts . Concurrent or integrated degree programs permit students to personalize their study of law by adding knowledge, skills and analytical tools from other disciplines. India is a nation, where technology moves at an ever rapid phase and Policymakers have been found to lack technical and corresponding legal knowledge. It has now become inevitable and Law professionals are also to know how digital networks, devices and software operates. The interdisciplinary approach is now the order of the day to integrate various faculties and law which in combine are required to address these newly emerging issues and disuputes. Law today is heading towards a creative, critical step forward in this 21st century.

Intech Mission is our mother organisation founded way back in 1908 AD as a secret sect, spreading nationalistic ideas during the Indian freedom movement. The media then was predominantly through the traditional Gurushishya parampara. The evolved entity of the Intech Mission is “The M G M Foundation” which was formally relaunched in 1989 and registered as a trust in the year 1994. The Trust’s operating Head Quarters was located near Gundanjaneya Temple, Sunkdakatte Village, Bolare Post, and Bangalore 560082. Since The MGM Foundation’s restructuring in 1993-94 , INTECH IBM has become the flagship Institution, offering our coveted programmme, Post Graduate Diploma in Business Management (PGDBM) and “Master in Business Administration” . In the 1990’s ,The Bangalore University and All India Council for Technical Education (AICTE) recognized the Institute as a Post-Graduate center imparting management education.

INTECH IBM group is now a full-fledged multilocational residential Education System, Offering education and vocational training courses in Management, Computer Science, Fine Arts, Performing Arts, Law, Government, Hotel and Tourism and sister institution offering courses in Health Sciences and allied areas.

INTECH is a spiritual movement, which looks beyond materialistic aspirations of contemporary society. Intech learns, dreams, and richly subscribes itself to classical thinking of world personalities i.e. Gautama Buddha, Jehovah, Basavanna, Guru Nanak, Thoreau, Mahatma Gandhi, Swami Vivekananda, Babasaheb Ambedkar, Abraham Lincoln, Martin Luther King, Subash Chandra Bose, Jiddu Krishnamurthy, and other world personalities. The higher culture in our day to day activities is a symbiosis of world Philosophies and drawings from homely proverbs of the local Karnataka and Indian national cultures developed over thousands of years. The ideological reflections of the philosophy of these personalities, is seen as local ethos in all pursuits of the trust and its institutions, endorsing a holistic middle path to life. The 'INTECH STUDY' and the Library is open to all members of Humanity for short stay on both the Intech Campuses at Mysore and Bangalore for humanities self introspection and self-actualization.

Now, with this collective experience crystallized over 100+ years, the JAIN Law school has been Jubilantly started, as a tribute to commemorate the constitutional Architects of the two Largest Democracies of the World viz. Thomas Jefferson and Bharata Ratna Babasaheb Dr. B.R. Ambedkar. The acronym JAIN represents these two great personalities, who crafted the constitutions of current day world's two greatest modern super powers, Republic Of India and the United States of America. The "JAIN Law School"- Jefferson- Ambedkar, Intech IBM's National Law School", was established on the 1st of January ,2015.

The Law school is affiliated to Karnataka State Law University, Hubli and is recognized by the Government of Karnataka. The traditional LLB course is for 3 years with entry to any graduate. The 5 years course is the B.A., LLB which is for PUC (12th Class ) completed students . At the time of going to press, the statutory BCI- Bar Council of India inspection for approval was completed.

We sincerely look forward to students who are socially committed, serious and intelligent to join our community . The aspiration of our institution is to ;  
“Strengthen all the three arms of our Indian state by assisting our worthy students to successfully infiltrate into the nation’s Legislature, Judiciary and Executive, alongside their entry to the International Organisations, NGO’s, private and corporate sectors the world over”. This aspiration has been adopted as the Mission statement of the JAIN Law School.

# From the Desk of the Chairman

## FROM THE CHAIRMAN

“Knowledge without humility and grace is worthless. Knowledge redeems itself in developing human values. Knowledge is to protest the weak, meek and working classes and serve the purpose as weapon for the dominant rich and capital alone”

Dear Students,

Welcome, we welcome you to the Jain Law School, a place of Excellence for Law, a place where you are taught by the best of teachers. Jain Law School of Excellence for Law is place where knowledge is turned to valuable intent and into purposeful action. This is a place where its boundaries constantly keep looking for extension. Come and be a part of one of the best in-class education groups to achieve success in your entire-endeavors. May the Gods and Goddess of knowledge and state craft bless you with open mind to imbibe all the knowledge needed for your successful career.

- **Law Clinic:** Legal Education is something colonial comparable with medical education and any other education system, where realistic, practical and hands on the job approach is mandatory. The practical aspects are required to be taught and the students have to assimilate by practical. Though theory gives the outlet, but practical only can give the shape, which is in the law laboratory. It is the place where Law student becomes a legal professional. All the professional aspects in Legal ethic to Filing presentation arrangements and all other things are taught in the Law Clinic. The main issues dealt practically is, how the judiciary functions, different and logical ends how one reaches are taught in the Law Clinic. To be very honest the Law Clinic is established under the ageist of legal professionals of extraordinary acumens.
- **Mediation Centre:** All the paraphernalia that is available in Naxara Degula, the faculty and the labour court have been thoroughly underfed and adequate arrangements are made to give the Institution's Mediation Centre the required stature, which stands out as one of the best Law school of Bangalore.

**Lectures:** The principal teaching method in the school is the lecture-classes. The vast majority of undergraduate modules involve lecture classes on a daily basis.

**Tutorials:** The school relies heavily upon the tutorial class in its teaching programme. You will be assigned to a tutorial class for each module studied. The group, which is usually made up of no more than eight students, meets on a fortnightly basis for each module to discuss pre-arranged questions and any other problems with the tutor.

**Seminars :** Few of the second and final-year undergraduate optional modules are taught by the seminar method. This is a method, midway between the tutorial and the lecture, involving presentations from staff and students which involves interaction of the whole class.
